# ANTONELA RISARO

Hi, my name is Antonela,  
I am a certified ELE  
(Español como Lengua Extranjera) teacher.  
I am also a native speaker.

I have had the pleasure of  
working as a teacher since 2005  
(in schools and as a freelancer).

For almost 10 years of my life  
I worked as cabin crew as well,  
which was amazing  
but at the same time exhausting.

After many years of experience  
and after having the great opportunity  
to travel to fantastic places  
where I learnt about new cultures  
and different ways of living  
I decided to venture out on my own  
and I founded Poncho Spanish in 2020.

My mission is to educate and empower  
as many people as I can.  
To give those who would love  
to open up to a brand new world  
of opportunities  
the wonderful gift of a new language.

Every person around the world  
should have access to good education,  
I hope my classes, online courses  
and resources help you achieve your goals  
and dreams!
